OBSERVATIONS

This case is plainly arguable in relation to the Defendant's interpretation of the two relevant agreements. There is also a real issue as to the potential application of EU law in the interpretation of the WA. Resolution of these issues is a matter of public interest given the potentially large numbers of those with pre-settled status (2.4 million people). The claim should be resolved well-before any such individual is exposed to potential risks of a failure to apply for settled status. That date is, I understand, the start of 2023.
