

IMA

For the Citizens'
Rights Agreements

Are you an EU parent or carer?

Secure your child's rights in the UK

You may not have thought about your child's immigration status.

But EU, EEA and EFTA parents may need to apply to the EUSS for their child.

And there are time limits around making an application - it must be done within 90 days of your child's birth, adoption, or from when they first came to the UK.

EUSS status protects your child's rights to:

- Live in the UK
- Use the NHS for free
- Travel in and out of the UK
- Access further and higher education
- Access benefits
- Work in the UK
